"But where are the nine?"

Luke 17:11-19

Observations Of Thankfulness:

1. There are more that receive than ever give praise for them. (vs. 15)
2. There are more that pray than praise. (vs. 13)
3. There are more that obey than praise. (vs.14)
4. There are more that believe than praise.

Characteristics of true Thankfulness:

1. Individuality - each of us should give thanks
2. Promptness - immediately give thanks so we will not forget
3. Spirituality - priorities - decide which is more important, going to the priest immediately was not as important as giving thanks
4. Intensity (vs.15) - praised with a loud voice
5. Humility (vs.16) - he fell at Jesus's feet
6. Integrity (vss. 17-18 & 2 Timothy 3:1-2)- focus on what God does in your life, instead of worrying about what others are doing

Praising God is a personal thing.
