### ***The Spirit of Thankfulness***

Luke 17:11-19

#### **Observations of Thankfulness:**

**1. There are more that receive blessings than ever give praise for them. vss. 14-15**

\*9 received but did not praise

\*1 received and also gave praise

\*We receive many more blessings than we give thanks for

**2. There are more that pray than praise. vs. 13**

\*9 prayed but did not praise

\*1 prayed and also gave praise

**3. There are more that obey tradition than praise. vs. 14**

\*All headed toward the priest, as was their tradition

**4. There are more that believe in God than praise God. vss. 14-16**

\* All 10 had faith (they each prayed for Jesus to heal them) & were healed.

#### **Characteristics of True Thankfulness:**

- Individuality
  - \*We can sin in a group- but must praise individually
  
- Promptness
  - \* Don't accept the blessing, and forget to praise
  
- Intensity
  - \* with a loud voice
  
- Humility
  - \* went to Jesus' feet
