## ***“And God Remembered Noah”***

Genesis 8:1-5

1. He's a God of remembrance. - vs. 1

\* God remembered Noah--and He remembers us--  
God does not forget us--'remember' means to pay attention to;  
to fulfill a promise; to act on behalf of someone--Galations 8:1  
the time for God to fulfill His promise--Philippians 1:6

2. He's a God of removal. - vs. 1

\* God did not remove Noah from the storm but He began to remove  
the storm from around Noah--the removal was not instant--

3. He's a God of restraint. - vs. 2

\* nothing happens in our lives that God does not allow--  
God is in control even when the storm is raging--

4. He's a God of rest. - vs. 3-5

\* when the ark came to rest, the door could not be opened at  
that time--Noah and his family needed to rest from the  
storm they had just come through before they went back  
out into the world--
